

Connecting with Parents

Primary 7

MAY / JUNE

Classwork

In Primary Seven our work is now presented in topic form to tie all areas of learning together as much as possible.

This leaflet outlines what we will be covering in May / June in Numeracy and Literacy and through the theme of **Past, Present and Future** so that home learning can be organised to support your child if you wish.

Please Note: - *Not all aspects of each subject are included in this document and all children work at different levels of ability.*

Numeracy

Number - calculator activities, mixed numbers, percentages of quantities and multiples.

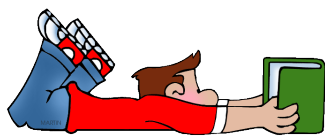

Shape & Space - tessellations, compass points, constructing triangles, reflections.

Handling Data - frequency diagrams, interpretation of results.

Measure - problem solving activities.

Literacy

Sentence Work - Record of Achievement.

Grammar - revision of punctuation, prepositions, male and female equivalent, comparative adjectives, double negatives, abbreviations and idioms.

Spellings — Pupils take two weeks to cover each unit. Homework activities should be complete on a Monday, Tuesday, Wednesday and Thursday night.

Children will have access to Home Reads and we encourage you to read with your child when possible.

World Around Us

Local Study - identifying features on an Ordnance Survey Map and Newtownards study.

Victorians - life in a Victorian City and Famous Victorian People.

Changes in state - solid, liquids and gases and magnetism.

Personal Development and Mutual Understanding

PDMU this term, will involve the pupils thinking about moving on and changing schools, friends and the feelings associated with these changes. We will also take a look at internet proficiency.

Thinking Skills and Personal Capabilities

TSPC is a cross-curricular aspect of the primary curriculum. Through numeracy, literacy and other areas of

the curriculum the pupils will become engaged in problem solving activities and discussions which will require them to take on different roles and develop confidence.

Using ICT— this term pupils will be given the opportunity to develop their movie making skills. We will be using imovie app to create movies of our time at Londonderry Primary School. We will also be using ipads weekly in class.

Other Information

- Monday 7th May - Bank Holiday
